

Leave Nothing to Chance

You Can
Have Fun
and
Be Safe!

Designated drivers are
good-as-gold friends.

- Drive sober or get pulled over
- Impairment begins with the first drink
- If you're going out, plan ahead for a safe ride home (Uber, Lyft, taxi cab)
- Do not let a friend who is "just going to have one or two drinks" drive
- Call the police if you suspect a driver is impaired
