

# ROAD SAFETY is DEAR to MY HEART – SO are YOU!

**Buckle Up:** A seat belt is a very important safety feature, but it only works if you use it.

Stay alert and, in **All** cases, yield to pedestrians.

## Three C's of Safety Behind the Wheel

- **Commit to not cut in.** Forcing a vehicle to stop quickly could cause a serious, even fatal crash.
- **Check** your blind spots and don't linger in the "No-Zones"
- **Chill out.** Speeding, running red lights and other aggressive behaviors can create dangerous situations behind the wheel.
